DESCRIPTION

- Breaker Points. 3 offset aggressive power breakers.
- These produce a "Demolition" effect and create micro cracks in the drilled material. Up to 25% FASTER.
- Centering tip. Ensures immediate spot drilling with pin point accuracy. Prevents skidding on smooth surfaces.
- Enlarged rebar chamfers. Prevents side tip damage when hitting rebar. Reduces the risk of the drill bit jamming when hitting rebar.
- Tapered shoulder design. Thinner shoulder towards drill tip for less friction providing for greater speed.
- Ideal for cordless hammers identified from its tapered shoulder geometry.
- Reinforced flute. High volume flute geometry for optimum dust removal.
- Reinforced flute design (thicker core) gives:
 - Full power transfer to the tip.
 - Lower vibrations.
- Exceptional break resistance, less breakages and best durability.
- Made in Germany.
